

interactive voice response alarm clock

User Instructions

Thank you for purchasing your new interactive voice response (ivr) MOSHI alarm clock. Please read this manual carefully as it will help you to become more familiar with MOSHI's voice commands and features.

Please press the screen back to activate voice commands.

The clock will then say "welcome, command please." Please say the commands in a normal voice, as if you were speaking to a person nearby. Do not speak at the same time the clock is speaking. Ambient noise may effect the listening operation of the clock.

1

chosen alarm sound.

5. **"Set Alarm"** - The clock will respond "tell me the time you want the alarm to sound" and on first usage or after an error, will give an example of how to correctly say the alarm time. Respond with the time you want the alarm to sound (for example, "seven thirty am"). The clock will respond "the alarm is now set to seven thirty am."

6. **"Sleep Sound"** - Clock will play 5 minutes of "Ocean Sound". The sleep sound can be interrupted by pressing the display.

7. **"Today's Date"** - Clock will respond "(current date, day and time)".

8. **"Temperature"** - Clock will respond "the temperature is (says the current inside temperature)".

9. **"Turn off the Alarm"** - During the silences between the alarm sounds, use the command "turn off the alarm" to

3

Additional Instructions

1. **To set the date** - Go to "today's date" by voice command or by pressing the display a few times until the date is shown. Then use the up and down buttons on the bottom of the clock to change the date.

2. **To set the temperature F or C (Fahrenheit or Celsius)** - Say the "temperature" voice command or press the display a few times until the temperature is shown. Then use the Set button on the bottom of the clock to toggle between Fahrenheit (F) and Celsius (C).

3. **To turn the alarm off completely** - use the alarm on/off switch on the bottom of the clock.

5

List of Voice Commands

1. **"Time"** - The clock will respond "the time is (current time)".

2. **"Set Time"** - The clock will respond "tell me the current time" and gives an example of how to say the time. User responds with current time to set clock (for example, "6:00 pm"). The clock will respond "the time is now set to 6:00 pm".

3. **"Alarm"** - The clock will respond "the alarm is set to (alarm time) and say whether the alarm is on or off. Then it will play the current alarm wakeup sound you have chosen.

4. **"Alarm Sound"** - The clock will respond "to choose an alarm sound, say 'alarm one' (chime), 'alarm two' (chirp), or 'alarm three' (bell)." Respond with the desired sound (for example, "alarm one"). The clock will respond confirming the

2

silence the alarm. This command will turn off the alarm until the next day. The alarm will turn off and the clock will respond "today is (current day, date, time and temperature)."

10. **"Help"** - The clock will respond "you can say (and gives the list of commands)".

End of Voice Commands

Battery Installation

Open the battery cover on the bottom of the clock. Insert 3 "AAA" batteries according to the polarity sign. If batteries were inserted properly, the clock will begin operation automatically. The clock will display the default time of "12:00 am".

When using in only battery mode, if the alarm sound is too quiet or the display is blurry or no colored lights are visible, please replace the batteries. Please be sure to reset the correct time, alarm and date after replacing batteries.

DO NOT mix old and new batteries. DO NOT mix alkaline, standard (carbon zinc) or rechargeable (nickel cadmium) batteries.

**Non-rechargeable batteries must not be recharged.
The supply terminals must not be short-circuited.**

6

When Using Rechargeable Batteries

Rechargeable batteries must be charged under adult supervision. Rechargeable batteries must be removed from the battery compartment before being charged.

Once again, thank you for purchasing your new **MOSHI™** interactive voice response alarm clock. If you have any questions, comments, or concerns please feel free to share your ideas with us.
